

Celebration of Scholarship & Learning Planning Guide

The Celebration of Scholarship and Learning represents an opportunity for the entire Towson University community to recognize the accomplishments of Honors College students. For students presenting at the conference it is a valuable way to integrate experiential learning or academic and career plans, to share this knowledge with others, and to learn from the accomplishments of one's peers.

The Celebration of Scholarship and Learning is held twice a year-once in early fall during Family Weekend and again typically in March or April. The majority of Honors students who present posters during these events have recently completed an experiential learning experience for which they will earn Honors credit, such as conducting research, studying abroad, or completing an internship.

About Poster Conferences

A poster presentation is a visual representation of a research project or a learning experience. It is a valuable tool for students to share their work with others and to receive feedback. Posters are typically displayed at a poster session during a conference or symposium. Students are encouraged to prepare a poster that is visually appealing and easy to read. The poster should be prepared in a standard size (usually 36 inches by 48 inches) and should be printed on a heavy paper or poster board. The poster should be displayed in a well-lit area and should be available for viewing during the poster session. Students should be prepared to discuss their poster and answer questions from other attendees.

If you wish to bring electronic equipment to accompany your poster session, you must also bring a power source. Electrical outlets may not be available for your use.

You may bring artifacts or items from your experience (common for study abroad presentations). But be prepared to hold them or affix them to your poster board as you may be assigned a spot at a table or an easel.
