Eligible non-citizens include all students who completed high school or a GED equivalency within the United States (including DACA and undocumented students) and who were not on an F-1 non-immigrant student visa at the time of high school graduation."

B22. Retention Rates

Report for the cohort of all full-time, first-time bachelor s (or equivalent) degree-seeking undergraduate students who entered in Fall 2022 (or the preceding summer term).

The initial cohort may be adjusted for students who departed for the following reasons:

- * Death
- * Permanent Disability
- * Service in the armed forces
- * Foreign aid service of the federal government
- * Official church missions
- * No other adjustments to the initial cohort should be made.

For the cohort of all full-time bachelor s (or equivalent) degree-seeking undergraduate students who entered your institution as first-year students in Fall 2022 (or the preceding summer term), what percentage was enrolled at your institution as of the date your institution calculates its official enrollment in Fall 2023.

Total students retained = students from the Fall 2022 cohort who are still enrolled as of Fall 2023 + students from Fall 2022 cohort who completed their bachelor s program as of Fall 2023

(Students from the Fall 2022 cohort still enrolled as of Fall 2023 + Students from Fall 2022 cohort who completed their bachelor s program as of Fall 2023)/(Adjusted Fall 2022 cohort) * 100

Note: The number of first-time students seeking a bachelor s degree (or equivalent) who attain a bachelor s degree (or equivalent) by their second fall term is expected to be zero or very small. In exceptional cases when a first-time student does satisfy all degree requirements including full credit completion (e.g., typically 120 credit hours) and is awarded a bachelor s degree (or equivalent) by their second fall term, they are to be considered retained for Ereporting purposes.
